INSPECTION RECORD

F.A.R. 43.11 - 91.217

6-23-2003 Beech A36 N24AS Hours: 238.00

Removed King KY 196 comm, King KNS 80 RNAV, King KLN 90B GPS system with KA 92 GPS antenna and AI90B annunciator/switcher.

Installed Garmin International, Inc. GNS 530 GPS/Nav/Comm with GA 56 GPS antenna using installation manual P/N 190-00181-02, revision G dated 5/03.

The GA 56 was interfaced with existing King HSI and autopilot. The GA 56 GPS antenna was mounted in existing location left by the removal of the King KA 92 GPS antenna.

The GNS 530 is a follow-on installation to STC SA00864W1.

Installed Garmin International, Inc GDL 49 Satellite Data Link Transceiver using installation manual P/N 190-00231-00, revision A dated 11/02. The GDL 49 was interfaced with the GNS 530. The GDL 49 is a follow-on installation to STC SA01073W1.

Installed PS Engineering, Inc PXE7300 High Fidelity Stereo In-Flight Entertainment system with MP3/ Compact Disc Player and Radio Receiver using installation manual P/N 200-973-0005, revision 8 dated 05/03. The PXE7300 was interfaced with existing King KMA 24 audio panel. The PXE7300 is a Follow-on

installation to STC SA02572AT. A copy of the operation instructions, contained in PS Engineering document 200-973 (5), revision (8) dated (5/03), is placed in the aircraft records. The panel was placard "GNS 530 GPS FOR VFR USE ONLY".

Instruction for Continued Airworthiness attached to Form 337. Reference Work Order No. 24075 and FAA Form 337 dated

6-23-2003 for complete details on the work performed. I certify that the work performed on the aircraft has been performed satisfactorily and per current Federal Aviation Administration Regulations and is approved for return to service only for the work performed.
